### Grass track cycle racing team wanted

Year 7 and 8 boys and girls

Exmouth Community College and British Cycling are putting together a grass track racing team to race in a competition at Kings School on Thursday 24th May. Think Olympic team track racing (a team of 4) but on

grass. On Friday 11th May a coach from British Cycling is coming to school for a coaching session on the skills of team racing. All bikes are provided by British Cycling so you don't need a bike. If you are available on those two dates and

would like to have a go you must give your name to either Mr. Moran at the Bike Shed or Room 101 or Mr. Miller in the PE department ASAP.

**All teams must include girls** so please sign up - it is great fun!!!
