

# THE NATIONAL APPRENTICESHIP SHOW

The National Apprenticeship Show takes place at Westpoint Exeter on 3rd-4th May 2017 and will bring together employers, colleges and providers with those wanting to find out more about what apprenticeships can offer.

Over 100 exhibitors will be taking part.

The National Apprenticeship Show exists only to promote apprenticeships and our message is clear – apprenticeships work for both candidates and employers alike.

“There has never been a better time to employ and apprentice. Apprenticeships enable companies to grow their own work force, providing highly-qualified and motivated employees. It’s an economic imperative that we increase the number of employers who engage with apprenticeship in order to boost the economy and help businesses grow and become more productive. The National Apprenticeship Show is an excellent way for young people and their parents to meet with top employers who are offering a range of fantastic apprenticeships, face to face, all in one place. It will also enable employers to meet with young talent and the workforce of the future. I would encourage all businesses to consider how employing an apprentice can help them grow.” –

With over 80 exhibitors (employers and training providers) attending, it really is the must attend event for young people to find out everything there is to know about apprenticeships.

Our event is unique in the sense that we solely promote apprenticeships from entry level all the way up to a degree level, they are very lively, interactive and really get people thinking about what they want to do post-education.
