

Dear Parent/Guardian,

Would you like to help your Son/Daughter make well-informed choices about their future study and careers?

Students starting year 10 and 11 in September 2017 can understand the wide range of career opportunities available to them in **Science, Technology, Engineering and Maths (STEM)** by attending a **local** 3 day **Routes into STEM** course during February 2018 half term.

The courses are designed to help students make well informed decisions when choosing the next step in their education.

Apply online: <http://www.etrust.org.uk/routes-stem>

Day 1 Monday 12th February – City College, Plymouth

Day 2 Tuesday 13th February – Plymouth University

Day 3 Wednesday 14th February – Babcock International

Routes into STEM; How can this taster course benefit my child?

- Local hands on STEM activities including a chance to experience a real life industry work environment
- A chance to explore and compare an Apprenticeship with a University course.
- A company visit to understand the fantastic career opportunities presented by studying a STEM subject.
- Bronze level Industrial Cadets Award (Inspired by HRH The Prince of Wales) – visit www.industrialcadets.org.uk/ for more info.
- A Routes into STEM workbook to take away, a DBS checked course supervisor, lunch and refreshments.

As a parent/guardian it is important that you consider the following:

Travel arrangements

Students are responsible for their own travel; we encourage car sharing to fit around parent work schedules.

Bursaries

Some full and part bursaries are available to those with a household income falling below £25,000. Please visit our

Costs

A total of £135 is payable by fee paying students after a place has been offered. This includes a deposit and accreditation fee

website or contact us to discuss this. Pupil Premium (in receipt of free school meals) students should speak to their teachers.

Contact: routesintostem@etrust.org.uk

Apply online: etrust.org.uk/routes-stem

Hmmm, I still have some questions; what now?

No worries! You can [CLICK HERE](#) to check out our FAQ's, reply to this email, call us on 01707386151. You can even send us a carrier pigeon if you like!

Okay, everything's clear, let's get on with it!

The course is fast approaching and the course is filling up, so get your son/daughter to apply quickly [HERE!](#)

And before you go, Follow us  [@RoutesintoSTEM](https://twitter.com/RoutesintoSTEM), and #RisComp by the end of today for you chance to win one of our electronic goodies! Go on, tell the kids!

We look forward to hearing from you soon!
