

# Technical trainee required

**Briggs & Forrester**  
ENGINEERING SERVICES LTD

Briggs & Forrester Engineering Services are looking for a mechanical bias Technical Apprentice in their Exeter office.

Each year we take on a number of trainees to work within the specialist building services industry. Our positions suit self-motivated and enthusiastic individuals who possess GCSEs in Mathematics, English and Science as a minimum, and those who are keen to continue with their education. We offer a variety of career paths and the company is structured so that those that are self-motivated, with talent and enthusiasm will get responsibility and the rewards to match. Many of our current management and fully qualified employees have progressed through our comprehensive training scheme and with the right attitude, the same rewards could be yours. We offer a good basic salary, a structured training programme which leads to a recognised qualification, a varied working environment and excellent career prospects.

This would suit a candidate that has completed their apprenticeship, and looking to further their education part time with an ONC/HNC in Building Services at Bath College. Briggs and Forrester shall cover course fees and travel.

As a Technical Apprentice you will be mainly office based. You will be given the opportunity to experience all main departments of the business with the aim of becoming a project manager (managing the installations), estimator (pricing and winning projects), quantity surveyor (managing the financial aspects of the projects) or design engineer (designing the systems).

Main day to day responsibilities include

- Observing, learning and understanding a wide range of technical skills and processes while under the instruction of skilled technical staff.
- To be able to demonstrate these skills and processes as the training period progresses
- Working independently or with a team, to undertake tasks as instructed
- Increasing overall contribution to the department.

Whilst based in the Exeter office (Park Five) the successful candidate shall be required to travel to either site or other regional offices (Bristol, Cardiff and Birmingham) on occasions and therefore a full driving license and transport is essential.

Please apply to

Suzy Keast, 11 Park Five Business Centre, Harrier Way, Sowton Industrial Estate, Exeter EX2 7HU.
